PUBLIC RECORDS REQUESTS

Reason for Policy

The University of North Carolina at Chapel Hill (UNC-Chapel Hill), as a constituent institution of the University of North Carolina and an agency of the State of North Carolina, is open and responsive to information requests from the public and the news media. UNC-Chapel Hill is committed to a policy of openness, honesty and cooperation with members of the public and the news media.

Providing records that have been requested requires the expenditure of resources. Therefore, consistent with the Policy on Public Records Requests implemented by the University of North Carolina General Administration and with existing law and policy, in an effort to fairly recover the non-appropriated costs of responding to public records requests, UNC-Chapel Hill establishes the following policy for all public records requests received after June 27, 2013. This policy will be implemented in accordance with the NC Public Records Act, N.C.G.S. Chapter 132.

Definitions

A "public record" means all records created or received in the course of university business, in whatever format, including but not limited to paper, photographs, recordings, emails or digital images, unless an exception applies under federal or state law.

Submission of Request for Public Records

This policy applies to all requests for public records made to UNC-Chapel Hill, regardless of requester. All requests should be provided in writing in order to provide clarity as to the scope of the request and to create appropriate documentation for monitoring time and cost and billing as needed.

In order to expedite the submission of requests to the appropriate person, specific contact information based on main areas of interest is provided below.

Requests seeking student “directory information,” as defined in the Family Educational Rights and Privacy Act, should be submitted to the Office of the University Registrar through the following contact information:
Requests seeking employee information open to public inspection, as listed in Section 126-23 of the Human Resources Act, should be submitted to the Office of Human Resources through the following contact information:

Communications and Public Affairs  
Attn: Director of Media Relations  
101 McCauley Street, Campus Box 6210  
Chapel Hill, NC, 27599-6210
All other requests should be submitted to the attention of the University’s Public Records Officer through the following contact information:

Email: publicrecords@unc.edu
Facsimile: 919-843-1617

Public records requests from North Carolina citizens and members of the North Carolina media will be accorded the highest priority. As a general rule, the University will process public records requests on a first-in, first-out basis. Exceptions to this practice may be made on occasion when deemed essential by the University.

North Carolina law does not require the University to respond to a request for a public record by creating or compiling a record that does not exist.

### Copying Fee

**Hard Copies:** If the requester asks for hard copies of documents, the University may charge the actual cost of copying. Generally, the University will not charge for the copying cost unless the number of pages exceeds fifty (50). Thereafter, the charge will be ten (10) cents per page for every page over 50 copied in black and white and capable of being reproduced in-house. If for any reason a request requires special handling (e.g., color copies, out-sourcing of copying function, etc.), the actual cost of such handling shall be calculated on a case-by-case basis.

**Disk:** If the requester asks for documents in some other medium (e.g., disk), the University may charge the actual cost of the media provided.

**Email:** If the requester requests transmission of the documents via email or other electronic means, the University may charge only for special service costs, as described below.

### Special Services Charges for Extraordinary Public Records Requests

If the request is such as to require extensive use of information technology resources or extensive clerical or supervisory assistance, or if producing the records in the medium requested results in an excessive use of information technology resources, then the university may charge, in addition to any applicable copying fee, a special service charge. The special service charge will be reasonable and no greater than the actual costs incurred. The University considers more than four (4) hours to constitute extensive use of personnel resources.

If preparation of the response to the request exceeds four (4) hours, the University will charge a presumed rate of $18.00 per hour for the additional time. The Public Records Office will provide
an estimate of the costs for an extraordinary request prior to making the records available for inspection or release, in order to allow the requester the option of either agreeing to pay the charge or revising the request to narrow its nature or scope. Multiple requests regarding a particular issue within a short period of time from the same individual or organization will be considered a single request for purposes of determining whether to charge under this section.

The actual cost of redacting legally privileged and/or confidential information may not be included in calculating this special service charge. However, the time spent reviewing for and redacting privileged and/or confidential information should be estimated and recorded as described in the section below.

**Accounting for Time Spent Handling Public Records Requests**

To the extent practicable, all employees involved in fulfilling a public records request shall maintain a reasonable approximation of the time spent on that task to the nearest half hour.

The approximation of time spent shall be maintained regardless of whether or not the employee’s time is used to calculate a copying fee or service fee as described above.
